Quarterly Newsletter

Planning Update

In our last newsletter, we explained that we were taking time to review Breckland Council's decision on our outline planning application and to consider what the right next steps might be.

Our position remains the same. We are still carefully working through the information and feedback, and we are not yet in a position to confirm any next steps. As soon as we have reached a clear way forward, we will share an update with residents as quickly as we can.

Thank you for your continued patience and understanding while this work continues.

Lighting Update

We're currently improving the lighting around the community centre and the shops. Phase 2 of the work is now under way and should be finished in March. As part of this phase, we'll be adding spotlights in the green areas and installing hanging festoon lights. These changes will provide softer lighting and help make the area safer and easier to see in the evenings.

Get In Touch With Us Anonymously

One of the things that some of you have told us over the last few months is that you would like to have a space where you can share comments with us anonymously.

So, we've set up a special form on our website so you can do that. You can send us messages with your comments, and you don't need to give us your name or contact details.

You can use this form 24/7 and it is 100% anonymous. It's a space for you to share your thoughts about the work we've been doing on the Abbey.

As this form is anonymous, we won't be able to respond or answer your questions but, you can still contact us in the same way:
